Re: Dodd-Frank Wall Street Reform and Consumer Protection Act and specifically: columbittantalite (coltan), cassiterite, gold, wolframite or their derivatives or any other mineral determined by the Secretary of State.

As a supplier of Tin-based brazing and soldering alloys, Bellman-Melcor, LLC., will not knowingly purchase raw material supplies that contain conflict materials that directly or indirectly finance or benefit armed groups in the DRC or an adjoining country.

We will take continuous practical action to seek to ensure that minerals from the conflict region do not enter our supply chain, including obtaining reliable certificates of origin for all materials that might possibly originate in conflict areas or adjacent countries.
